## M'CARREN IN WAR COUNCIL.

WANTS TO MAKE A FIGHT IN THE KINGS COUNTY COMMITTEE.

He and His Friends Decide to Canvass the District Leaders of Brooklyn -The Groutless Banner Flung to the Breeze-McClellan to Be Asked Over.

A campaign banner, whose distinguishing feature was the absence of all reference to the offices of Comptroller and President of the Board of Aldermen and the entire ignoring of Grout and Fornes, was unfurled yesterday morning in front of Democratic headquarters in the Thomas Jefferon Building, Court Square, Brooklyn. Chairman John L. Shea of the campaign

committee said that no arrangements had been made for any mass meetings. He expected, however, to be able to secure the Academy of Music some day next week for the initial demonstration.

The campaign committee, he said, would certainly invite Col. McClellan to speak, while Grout and Fornes were to be ignored. The fact that Grout has now turned his back on the fusionists and is not going to make any fight to have his name retained on their ticket has not in any sense mollified the antagonism of the Willoughby street leaders to his candidacy.

James Shevlin gave out this statement

he auction room in the auction room:

"On Saturday, at the ceremony of notification of the Tammany candidates, at the
Hofman House, the Murphy Dock Board

"The Kings county Democratic organiza-"The Kings county Democratic organization does not accept the Murphy Dock Board brand of regularity. It stands for real Democratic regularity; its position on Grout and Fornes is unchanged."

Mr. Grout, when he saw this statement, said: "Mr. Shevlin is talking about something he knows nothing about. I have never done anything as Comptroller or otherwise, for the members of the former Dock B. and."

Senator McCarren spent several hours vesterday in conference with his followers at his office in the Phoenix Building. It was decided at the conference that a can-vass should be made among the Assembly vass should be made among the Assembly district leaders, with a view to issuing a call for a meeting of the executive committee and possibly to have a new campiagn committee elected. If it is not found possible to have the executive committee called, the county committee is to be summer to be such as the page to be such the county to be sufficient to be such as the page to be such that the section of the summer of the moned so as to have a thorough thrashing out of the whole controversy.

The Brooklyn Citizen which speaks for Mr. McLaughlin said yesterday:

It is not in the least doubtful that Murphy has the assistance of every blackleg and bodler within our borders and that the one sure way to prevent them from laying their foul hands on the Kings county organization is to bury the Murphy ticket at the polls. There has been very little betting in Brooklyn so far on the result of the election.

Hugh Smith, a rich contractor, yesterday announced that he was ready to bet \$5,000 that Mr. McClellan would be the next Mayor and \$5,000 more that Low would not have a plurality of 30,000 in Brooklyn.

There are indications that the Twentyrise are indications that the I wenty-first Assembly district, in which James P. Sinnett is the leader, will soon be in line with the McCarrenites. Elections Com-missioner Maguire, who is the real leader in the district, has come out in favor of the

#### FUSION MEN IN DADY'S CLUB. Speeches Made That Tell of Success for the Ticket.

The nominees of the fusion movement who live in the First Assembly district of Kings county, were entertained by the First Assembly district Republican Club at its headquarters, 151 Schermerhorn street, Brooklyn, last night. President W. W. Wingate presided and the guests were introduced by Col. Michael J. Dady Assistant Corporation Counsel James McKeen, Republican nominee for Justice of the Supreme Court in the Second Judicial Department, was the first speaker. He said he believed in the men who worked in the party organization in order to bring about the best results and he was also a firm believer in clubs.

I shall be overwhelmingly elected. Everywhere do I find a hearty enthusiasm for those who for the last two years have been working for the people's interest." He then told of the contrast between

the contracts entered into by the Tammany organization and those made by the fusion administration.

"Why, rowboats, which cost the people under Tammany rule \$143, are now purchased for \$43. There is good ground for the suspicion that the difference was graft," said Mr. Hinrichs. "Look at the men who have no occupation and yet go around decked in jewels. You must infer that it all came from graft from the va-rious departments. We will no longer tolerate it. The signs are that New York

Dady as "the hero of the transport of the exduoed by Col. Dady as "the hero of the evening." Mr. Ketcham spoke of the excellent administration given by Low during the last twenty-one months. #### SULZBERGER TO WOMEN. Straight-From-the-Shoulder Talk Abou the Tammany Peril.

Cyrus Sulzberger, the fusion candidate for president of Manhattan Borough, made a speech yesterday at the opening of the Women's Municipal League campaign meeting rooms at 33 Union Square West. The meeting place has been made conspicuous by festoons of American flags and a life size portrait of Mayor Low in the window. For some time before the beginning of the meeting, a drum and fife corps of small boys discoursed most volum-

inous sounds. Mr. Sulzberger said: "The issues of this campaign are as elementary as the Ten Commandments. In fact, the issues are the Ten Commandments. You are asked a very simple question: Are you for or against vice?

"Some of the issues of this campaign are so vile that they cannot be discussed on a public platform. Yet Tammany says this is a partisan campaign. It is, but not as Tammany means the word. Every mother and wife and sister is a partisan in this campaign. It is for the women to do their part, and do it now. Every woman who is for decency—and what true woman is not?—will see to it that the registration is kept up to the place where it ought to be. She will drive her men folks to the registering places. We are 260,000 behind in our registry to-day. This is where the women of New York can help vitally."

The meetings are intended for women in the shopping district, as well as for men. There were as many men as women present yesterday. J. Murphy of the Citizens' Union presided and R. A. Kelly and others made short addresses.

#### FUSION HITCH IN BROOKLYN Because the Cits Have Indorsed Democrats in Republican Districts.

The Republican managers in Brooklyn and the leaders of the Citizens' Union in that borough are in a deadlock over their failure to unite on candidates for Assemblymen and Aldermen in four or five districts, with the consequent probability of a defeat at the polls.

The Republican managers have taken he ground that, in view of the fact that the Citizens' Union is represented on the fusion ticket by J. Edward Swanstrom for President of the Borough and Alfred J. Boulton for County Clerk, it was morally bound to indorse the Republican candidates for Assembly and Board of Aldermen in the sure Republican districts. On the contrary, has either indorsed the Democratic candidates or put up candidates of its own in these districts.

Ex-Lieut.-Gov. Woodruff, Col. Michael J. Dady and Jacob Brenner, chairman of the Republican executive committee, were in conference for a couple of hours yesterday with a committee of the Citizens' Union, trying to straighten out the tangle, but

A message was sent to R. Fulton Cutting, chief manager of the Citizens' Union, urging him to come over to Brooklyn at once and see if he could not harmonize matters. and see if he could not harmonize matters. He replied that he could not go to Brooklyn owing to pressing engagements in Manhattan, but he urged the Brooklyn managers of the organization to spare no efforts to effect complete union on all the Assembly and Aldermanic nominations. While they should not be expected, he said, to support Republican candidates whom they had reason to consider unfit, they should not at the same time indorse any of the Democratic candidates.

The difficulty now is that this is just what has been done in some cases, and as the certificates are already on file, there seems to be no way of carrying out Mr.

#### OATMAN WORKS FOR ROBINSON. Republican and C. U. Vote Solid in 29th Aldermanic District.

Beverley Randolph Robinson, the Citizens' Union and Republican candidate for Alderman in the Twenty-ninth district, is preparing for a rousing campaign. The majority of the voters of the district are with Mr Robinson, and his election seems a certainty. Nevertheless, he is leaving no stone unturned to get out the full vote. Mr. Robinson is a young lawyer, born in this city. His father, Dr. Beverley Robinson, is a well known physician. Young Robinson is a Harvard man and a graduate of the Columbia Law School, '01. He is 28 years old and has been a member of the Twenty-seventh District Republican

Club for several years. He is also a member of the Citizens' Union.

He lives at 42 West Thirty-seventh street, which is in the Fourteenth election district of the Twenty-seventh Assembly district. He has been the captain of the election dis-trict for several years and he has made it the banner election district. Probably there are more well known men living in this dis rict than in any other distric Mr. Robinson has the good will of all of them Joseph Oatman is the present Alderman of the district. Mr. Oatman is a Repub-ican and one of the stanchest supporters

of Mr. Robinson. He said last night:
"I'm for Robinson and I intend to work hard for him. He is the party's candidate and he will be elected. Some one started rumor that I was going to run as an inde tion. I am going to work for Robinson's lection as hard as I can. So are my friends There does not seem to be much doubt about his election. He is a popular young man and every one likes him."

Last year this document was delayed until the election was over, to the great wrath of the labor unions. John J. Pallas, chairman of the Federation arrived here from Albany yesterday and announced that the body this year would

## GRELL SAYS HE WILL BOLT

AND RUN AGAINST TAMMANY CANDIDATE FOR SHERIFF.

Enrollment Blanks Laid Out on 20 Tables in Beethoven Hall Last Night-Murphy Sends for Grell and Lindinger, but Neither Responds to the Call.

William F. Grell, who is the head of the German Democracy, an organization which says it represents 30,000 voters, announced himself as an independent candidate for Sheriff at a meeting at Beethoven Hall, in Fifth street, last night. Nearly 2,000 members of the Platt-Deutsch Volksfest Verein were there. Twenty tables were spread in the rear of the hall and on these enrollment blanks were laid out. Persons desiring to enlist themselves in Mr. Grell's cause signed enrollment blanks then and also petitions for his nemination.

Mr. Grell was a candidate for Sheriff or Borough President on the Tammany ticket and it looked for a time as if he might get one of the places. He was a daily visitor at Tammany Hall for several weeks and had talks with Leader Murphy. Erlanger got the Shrievalty nomination and Ahearn the other.

the other.

When the Tammany convention was over the German Democracy held a meeting, at which Tammany was denounced for its failure to recognize the German vote. It was then proposed to put Mr. Grell in nomination, but Assemblyman George Richter asked for and succeeded in securing delay.

No formal meeting was held last night, for President John Moje of the verein said that the leaders had decided to hold it later in the week and meanwhile to proceed with the enrollment. But the crowd oeed with the enrollment. But the crowd insisted on hearing from Mr. Grell, and he went on the platform. He said the German vote had been ignored by Tammany and that it was the determination of the German Americans to run a candidate for Sheriff. He had been asked to make the run and had agreed. Mr. Grell was loudly

He said that he would open his campaign headquarters to-morrow at Terrace Garden. Leader Murphy got wind of Mr. Grell's intention earlier in the day and went down to J. Sergeant Cram's office in the Mutual Life Building, where he sent for Fritz Lin-dinger and Mr. Grell. Neither of them

responded to the call.

"I have not seen Murphy to-day, and I have seen no representative of his," said Mr. Grell last night. "This movement is not of my inspiration, but I think it is a just one and I shall run as an independent can-didate for Sheriff. There are 75,000 German American votes in New York county, and American votes in New York county, and we ought to poll most of them. The German Democracy represents an active organization that influences 30,000 votes.

"I shall not back out now. I will be nominated by petition and will run as an independent Democrat. Another meeting will be held later in the week to start the campaign. Meanwhile, I shall open my headquarters at Terrace Garden and my headquarters at Terrace Garden and begin my fight. I believe that I can be elected." Mr. Grell has held various offices under

Tammany. Some of the Tiger's leaders were saying last night that Mr. Grell wanted to be pacified with a promise of a Com-missionership if McClellan should be elected.

#### COFFEYITES BOLT LOW. Brooklyn Democracy Quits Fusion and Comes Out for Tammany.

The Brooklyn Democracy, which was organized by ex-Senator Michael J. Coffey after his break with Hugh McLaughlin four years ago, has allied itself with Tammany in this campaign. JUDGE DESCRIBES A LYNCHING. Of Vital Civic Interest, Justice Bischof

Says, Is the South's Problem. Supreme Court Justice Henry Bischoff, Jr., who has been renominated for the bench by the fusionists and the Democrats, was the principal speaker at the regular monthly dinner of the Phi Delta Phi fraternity at the Hotel Marlborough last night. President Charles T. Perry presided. Justice Bischoff read his speech. It was entitled "The People of the United States Against the Spirit of Mob Rule." He said in part:

"The People of the United States Against the Spirit of Mob Rule." He said in part:

A threatening mob has gathered in the distance. It circles in ominous silence around some abject, trembling object. Closer inspection shows a turbulent crowd composed of representative citizens of excellent character, who seem for a moment bereft of reason and frantic to wreak their vengeance upon the object of their anger. All eyes are focussed upon one point, and there, chained to a stake, with fagots placed at his feet, is a prisoner who is about to be burned alive. And this under the boast of the civilization of the twentieth century!

Before the fagot is touched by the flame there is a moment of pause and the victim in open confession concedes the performance of a crime which shocks the sensibilities of the multitude—the unforgivable crime against womanhood and by a colored man against a white woman. No time is lost to study extenuating circumstances or to afford a defence.

Without a trial of the prisoner, without an opportunity to be confronted with witnesses, without a chance for him to be heard, the fire is set, and with a few agonizing shrieks a human being is flung into eternity at the hands of a frenzied, unbridled mob. And another day discovers in the conduct of the people no sign of regret or repentance for the awful act.

This scene has been duplicated in the South, in the West and in the central West, so many times and under such a variety of circumstances that the world is aghast at the spectacle, and the American people stand in dicted for the offence and are charged with a

EXPERTS TRY TO TELL MOSELEY'S VISITING ENGLISHMEN.

The Education the British Give to th Elect We Give to Everybody-That's the Secret of Our Success, so Felix Adler Says-Dinner Talk at Sherry's.

Educators from England and Amerca met under the genial influence of a dinner which President Butler of Columbia gave at Sherry's last night to Mr. Moseley's British educational commission. The commission has come here, as William Jones, M. P., said last night, "To see how you train teachers, to see the attitude of your cap-tains of industry toward education; to see

how you make citizens—how it is that you as a nation get along so well."

The other English speakers agreed with Mr. Jones's statement that the English-Mr. Jones's statement that the Engishmen's old time condescension toward Americans has changed to respect, and from that to affection. It will also find that the chief quality of our education is that it is universally diffused. That is the elan which carries the nation forward. President Hadley let the Englishmen into the secret that at the bottom our system is not so much different from theirs.

"There is much to criticise about the system but there are the products of its system, but there are the products of it sitting all about the room," he said, "and how in Heaven's name such a system produces such products is a mystery to me.
The fact is, Dr. W. T. Harris alone has solved the problem of education, but he won't tell how."

Prof. Felix Adler said he believed that our advance is all due to our public school system.

## GREEN'S CASE ADJOURNED. Commissioner Hall Files a Memorandum

Explaining His Position. BINGHAMTON, N. Y., Cct. 12.-When Senator Green's case was again called before Cammissioner Charles S. Hall this morning, Theodore R. Tuthill, one of Mr. Green's attorneys, asked for an adjourn-ment for a few days until John B. Stanchfield can be present. United States At-torney Curtiss also was not ready to go on with the examination, the Government not having sent on any of the evidence which Commissioner Hall holds must be introduced before he will turn Senator Green over for trial in Washington.

Inasmuch as the Commissioner has planned to be out of town for some time, the examination was adjourned until Nov. 9. Commissioner Hall filed a memorandum explaining his position, in which he said:
"Competent evidence is now required showing that the alleged crimes of bribery and conspiracy were committed in the District of Columbia and that there is probable cause to believe that the defendant is guilty of the crimes. There is no Federal or New York statute making indictments

evidence of the facts they allege.

"In the absence of such statutes an indictment cannot be treated as competent evidence unless the defendant admits the truth of the allegations. It is practically hearsay evidence, and is so regarded by most familiar with the manner in which indictments are often obtained and of about the same value."

JUST ONE A DAY. How the Coffee Crank Compromises His Health.

and then add: "Anyway I only drink one cup a day." If coffee really don't hurt why not drink more? There is but one answer and that is coffee does hurt them and they know it. When they drink it once a day they compromise with their enemy. There are people whom one cup of coffee a day will put in bed, if the habit be continued.

Some people say: "Coffee don't hurt me,"

"Although warned by physicians to let offee alone I have always been so fond of it that I continued to use it," confesses an Ohio lady. "I compromised with myself and drank just one cup every morning until about six weeks ago.

"All the time I was drinking coffee I had heart trouble that grew steadil, worse and finally I had such alarming sensations in my head (sometimes causing me to fall down) that I at last took my doctor's advice and quit coffee and began to use Postum Coffee in its place.

"The results have been all that the doctor hoped, for I have not only lost my craving for coffee and enjoy my good Postum just as well, but my heart trouble has ceased and I have no more dizzy spells in my head. I feel better in every way and consider myself a very fortunate woman to have found the truth about Postum." Name given by Postum Co., Postum." Name Battle Creek, Mich.
